

# One-Handed Cutting Board

Email: [jmfacchinei@gmail.com](mailto:jmfacchinei@gmail.com)

## Most Cutting Boards Are:

- Too small - my board measures 12" x 17" x ½"
- Do not include any bands for holding long objects. I include a silicone hold down band.
- Do not include a rubber mat to keep the board in place.
- Are priced from \$49 to \$64. My initial price is \$29.00.

# Some Current Examples

\$55.99 at Amazon - 11" x 11"

\$39.59 at Amazon - 11" x 11"

# Features You Can Appreciate

**The one-handed cutting board is designed for those that use one hand only. It has the following features.**

- Sideboards to hold your toast while you butter it or a loaf bread while you slice it.
- Rubber band to hold celery or a bunch of herbs while you chop.
- Three nails to hold round objects for slicing or dicing.
- A rubber mat to set the board on so it does not slip around.

# Commercial Grade Plastic Cutting Board

## Engineered For Food Service Professionals

Chop, cut, slice, dice, filet and carve easily without worry of deterioration or warping. Home cooks will benefit from the ultra-durable high-density polypropylene design that is gentle on knives and makes prep-work and clean-up a breeze.

- Superior HDPP vs Standard Polyethylene Boards
- Anti-Slip Textured Surface
- Rounded Corners and Edges
- Large Work Space 17 x 12 x 1/2 inches
- BPA Free
- Approved for Food Contact
- Dishwasher Safe
